## Education Levels

The total population in Pickering for those 25 to 64 years of age is approximately 49,000. The graph below depicts the educational attainment for that age group.

## University of Ontario Institute of Technology (UOIT)

The University of Ontario Institute of Technology (UOIT), Canada's newest university and Durham Region's first, offers strong academic programs that combine advanced knowledge in the field with the latest technology, leadership skills and personal development. UOIT is a fully wireless networked campus, and Ontario's first laptop-based university.

UOIT is now home to the General Motors of Canada Automotive Centre of Excellence (ACE) – the first automotive research development and innovation centre of its kind in the world. To learn more, go to [www.gm-ace.uoit.ca](http://www.gm-ace.uoit.ca).

UOIT is committed to enhancing the skills of the local business community. Visit their spectacular, pedestrian-friendly campus, equipped with leading-edge classrooms, labs and modern residences, or find out more about UOIT at [www.uoit.ca](http://www.uoit.ca).

## Durham College School of Skilled Trades, Apprenticeship & Renewable Technology

With campuses in Whitby and Oshawa, Durham College offers courses to everyone from post secondary graduates, to those seeking to retrain for a new career.

Durham College School of Skilled Trades, Apprenticeship & Renewable Technology is growing to provide new opportunities to students in areas that are critical to our local, provincial and national economies. Recent expansion efforts include building state-of-the-art laboratories and classroom spaces and making room for energy-efficient technology. They are also adding in-demand programs to respond to the ever-changing marketplaces of our region, province and country.

Durham College offers support to businesses with training for employees and will post employment, internship and co-op opportunities for students, or offer space to rent for a meeting or conference.
