

# ADOPTION SUCCESS STORIES

## Cali

## Boots

He is already part of the family and I am so thrilled to have another baby boy. I've always wanted an orange cat and I just love him so much. I know that he will be very happy with us and spoiled with love and attention. I assure you, no matter what, he has a forever home with us. thank you again for everything.

## Samson

I just wanted to say thank you so much for a) finding my new kitten and rescuing him from the garbage heap he and his littermates were found in and b) for letting me adopt him.

thank you again

## Freeway

Just wanted to let you know that Freeway has settled in very nicely.....such a beautiful good boy!!

Thank you so much for letting me take him home....we love him sooo much!
